## Description

The flagship of the Monterey fleet at the time she is well suited as a family cruiser for getting around the islands for day trips and the occasional weekender. Powered by twin Volvo IPS pod drives she is a breeze to operate and a pleasure to drive. The 7kw factory fitted genset offers 220v power to run some of the creature comforts such as the air conditioning. The cockpit is large and split level with the aft seat converting to a large double sunbed which is great when at anchor. The access to the engine is excellent through the large electric hatch. Down below she has a two-cabin layout with forward double and ensuite plus a twin cabin aft also with ensuite. The galley is situated on the port side with full sized fridge/freezer, wine cooler, two burner hob and microwave. This boat has been lightly used by the one owner since new and comes highly recommend by us as a great fun boat!

### Key Features:

- Twin Volvo IPS600 435hp engines with joystick control
- Twin cabin layout: one double and one twin
- Furuno instrumentation, including radar
- One-owner yacht with light usage
- Fisher Panda 7kW generator
- Tender with outboard motor
- Electric windlass
- Air conditioning
