Description

This example of the Sunseeker 60 flybridge yacht is well kept by the owner's crew. There is minimal wear and tear given her vintage. The saloon area has an abundance of space due to the galley-down setting. She is configured with 3 rooms and 3 heads with an additional captain's quarters and independent head. The flybridge is well equipped with a grill, ice-maker and water tap. Viewing is highly recommended.

Manufacturer Provided Description

A popular mid-range option, the Manhattan 60 provides pace and space in a craft that family and friends can operate comfortably on their own. But if a crew is required a neat aft cabin with full facilities for two is available. Alternatively this space can be used as a private cabin to increase guest sleeping accommodation to eight. It can also be used as a workshop, laundry room or store room, adding to the cruising potential of this capable flybridge mode yacht.
