Description

Step into a world of refined luxury and effortless freedom aboard the Lagoon Sixty7 — a power catamaran designed for both ocean adventures and relaxed coastal cruising.

With its sleek lines and spacious design, this 20.15-meter yacht offers exceptional stability, comfort, and performance. The intelligently designed layout features a full-beam master cabin, two elegant VIP cabins, and a versatile bunk cabin, providing the perfect balance of privacy and hospitality for owners and guests.

The open-plan living spaces create a seamless connection between interior and exterior, allowing natural light and panoramic sea views to flow throughout. A separate galley ensures discreet service, while the expansive flybridge offers the ideal setting for relaxation, entertainment, and unforgettable moments at sea.

Powered by twin Yanmar engines, the Lagoon Sixty7 delivers smooth cruising with impressive range, making it perfect for extended journeys in complete comfort.

Where elegance meets performance — and every journey feels like home.
