Location	OLONGAPO CITY, PH	Builder	SUNREEF YACHTS PL

Description

SEA BASS is a beautifully refitted 2009 Sunreef 70 Power catamaran, powered by reliable Caterpillar C18 engines. Her wide-beam multihull design provides exceptional stability and enormous interior space, making her ideal for extended cruising, liveaboard comfort, or luxury family adventures. The interior is modern and bright, with two forward master suites, guest cabins, and a dedicated crew cabin, all fully air-conditioned for long stays onboard.

Outdoor living is a major highlight. The aft cockpit is perfect for relaxed alfresco dining, while the expansive flybridge features a Jacuzzi, wet bar, sunpads, and excellent visibility at sea. Walkaround decks and wide boarding areas ensure practical, safe, and enjoyable spaces for guests of all ages.

The recent refit has upgraded electronics, communications, AV systems, HVAC, and mechanical components, making SEA BASS a turn-key vessel ready for immediate cruising. Well-maintained and extensively improved, she represents a rare opportunity to own a fully upgraded luxury power catamaran from one of the world's leading builders.
