Hull Material	STEEL	Water Tank	1,600 [L] – 423 [US GAL]
Location	BALI, INDONESIA	Builder	STEELCRAFT

## Description

The Steelcraft ALM Delfino is a heavy-duty steel trawler crafted for endurance and long-range cruising. With its robust construction, flybridge layout, and stabilizer system, it delivers reliable performance at sea while maintaining impressively low fuel consumption.

Onboard, the Delfino offers a spacious saloon, a master cabin with en-suite, plus two guest cabins for family or friends. Comfort is elevated with premium Miele appliances, multiple fridges and freezers (including a dedicated fish freezer on deck), and air-conditioning in every cabin.

For extended voyages, the yacht is equipped with a watermaker, automatic generator, and abundant storage including a huge lazaret. Outdoor living is enhanced with a BBQ, deck sink, and a dinghy for exploration.

Ideal for owners seeking practical luxury and adventure, the Delfino combines strength, comfort, and efficiency — making it the perfect companion for family journeys and expedition-style cruising.
