## Description

The Ferretti Yachts 500 embodies a new era of Italian luxury cruising – sleek, stylish, and supremely comfortable. Built in 2022 and delivered in March 2023, this owner’s version offers 3 cabins and 2 heads, perfectly balancing nautical adventure with domestic comfort.

Her interior is designed to create a warm family ambience, with two alternative design moods that immerse guests in a sense of total wellbeing. The saloon features a C-shaped sofa with extendable dining table, while the galley is fully equipped with ceramic cooktop, fridge/freezer, microwave, and laminated countertop.

Navigation and entertainment are seamlessly integrated, with Simrad chart plotters, VHF system, transducer, 32” LED TV, Fusion Hi-Fi, cockpit and flybridge speakers, and 4G router. Comfort and control are enhanced by hydraulic steering, shaftline transmission, dripless shaft seal, underwater silenced exhausts, and stabilisation interceptors.
