Description

- The 2014 Sunseeker 131 is an exceptional British-built luxury motor yacht, combining striking exterior styling, impressive performance, and an expansive interior designed for sophisticated cruising. At approximately 40 metres, she offers substantial living space across multiple decks, with a sleek profile and large windows that create a distinctive modern appearance while flooding the interior with natural light.
- The yacht provides extensive outdoor areas for entertaining and relaxation. Her spacious aft deck is ideal for alfresco dining and social gatherings, while the foredeck provides a private area for sunbathing and enjoying the surroundings. The large upper deck offers additional entertaining space, and the yacht's generous layout allows guests to move comfortably between the various outdoor areas.
- Inside, the Sunseeker 131 features an elegant and contemporary interior with a spacious main saloon, formal dining area, and beautifully appointed living spaces. Large windows provide panoramic views and create a bright, open atmosphere throughout the main living areas. The five guest-cabin layout provides excellent accommodation for family and guests, while dedicated crew accommodation allows the yacht to be professionally operated without compromising guest privacy.
- Designed for high-performance cruising, the Sunseeker 131 combines a powerful propulsion system with a deep-V hull to deliver impressive speed and confident handling. Despite her considerable size, she offers excellent manoeuvrability and a comfortable ride, making her well suited to both high-speed passages and relaxed cruising.
- Overall, the 2014 Sunseeker 131 represents the combination of British craftsmanship, contemporary luxury, generous space, and exhilarating performance that Sunseeker is known for. Her extensive accommodation, multiple entertaining areas, and impressive cruising capability make her an outstanding choice for private ownership and luxury charter operations.
